Stafford Exit Counseling Session Instructions and Requirements to Completing the Exit Counseling Interview

Before You start:

- ✓ Ensure you meet the **browser and system requirements**:
- ✓ ***PARENTS***: Please don't complete the counseling session on behalf of your son or daughter, as this federal requirement helps the student understand the rights and responsibilities of borrowing a student loan.
- ✓ You will need about **25 minutes** to complete this counseling session.
- ✓ **You will need** the following information:
- Your Social Security number
- Your driver's license number
- ✓ **You might need** the following information:
- Name, address, telephone number, and employer for your spouse, if applicable
- Names, addresses, telephone numbers, and employers for your next of kin and/or parent
- Names, addresses, telephone numbers, and employers for two references residing at different addresses

NOTE: Providing names and information for your spouse, parent, next of kin, and references does not obligate them to assist with repayment of your loan. Regulations require you provide this data so your loan holder can locate you, if, in the future, they have an invalid address or phone number.
The student loan calculator in this session will help you calculate your estimated monthly payment. If you aren't sure how much you'll borrow, you can ask your school for the average student loan indebtedness of borrowers at the school or in your program of study at the school.

What to Do:

- Read the content and answer the questions.
- Fill out the student information form. Use the comment box for any comments or questions you have for your school.
- Print the confirmation page that appears after you fill out the student information form or note your confirmation number for your records.

NOTE: Generally, the Back and Forward buttons on your browser will not work once you begin the counseling session. Use the buttons within the counseling to navigate.

NOTICE: The information you provide for loan counseling may be disclosed to third parties, such as your lender, lender servicer, school servicer, subsequent loan holder, or guarantor, as authorized under routine uses in the appropriate system of records and as may be authorized or required by federal regulations.
