

ACEN ACCREDITED

BACHELOR OF SCIENCE IN NURSING

Traditional Option

The Monroe College Traditional Option leads to a B.S. with a nursing major and prepares graduates to sit for the NCLEX-RN licensing exam. The Traditional Option admits students once per year in the Fall semester. The length of the program is eight semesters over three academic years.

Who Should Apply?

The program seeks to admit current high school seniors and recent high school graduates who experienced a rigorous college preparatory curriculum.

Admission Requirements

The School of Nursing Admissions Committee holistically reviews each applicant's admission materials and selects the most highly qualified candidates for a limited number of seats. Applicants must provide the following:

- ATI Test of Essential Academic Skills (TEAS) scores at the Proficient level of 70 or higher preferred
- High school transcripts with an overall grade point average of 80 or higher preferred
- Evidence of satisfactory grades (C+ or higher) in algebra, biology/living environment and chemistry at the high school or college level

NOTE: Students who have taken the SAT or ACT exams should submit scores to strengthen their application.

Application Process

An admissions advisor will guide each applicant through the required steps:

1. Submit the Monroe College online application, including the personal statement and \$35 application fee
2. Submit the required documents

Upon receipt of the application and admissions documentation, the School of Nursing Admissions Committee will evaluate the candidate for acceptance into the program. Timely notice of the Committee's decision is provided. Those who are accepted will complete the financial aid process and are subject to a background check and a physical exam.
