The College's Public Safety department ("Public Safety") compiles statistics for the annual report based on incidents reported directly to the local police, Public Safety, and other College officials with significant responsibility for student and campus activities.

The statistics represent activity both on campus and on streets adjacent to campus property. Reported **On-Campus** offenses include all offenses within the campus area that occur in campus buildings or property, including residence halls. Incidents occurring in any campus building or on campus property that is not within the same reasonably contiguous geographic area of the campus are reported under **Non-Campus Building or Property**. Offenses occurring on public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus, are reported under **Public Property**.

The College (Public Safety) surveys the following offices for this report: Student Services, FYE, Residence Life, Athletics, and Student Activities.

In addition, pastoral and professional mental health counselors as well as medical professionals refer persons they are counseling to report crimes on a voluntary and confidential basis for inclusion in the annual crime statistics. Students are informed that, if they wish, they can confidentially report an incident for inclusion in the statistical report to Public Safety or to a campus security authority at one of the offices listed above.

Public Safety at Monroe College

The safety of the campus community is a 24-hour-a-day, 365-day-a-year operation.

Monroe College's Public Safety team is comprised of seasoned administrators and officers with considerable professional security and law enforcement experience and expertise.

All of Monroe College's Public Safety officers are licensed by the State of New York. These officers are not sworn and do not carry firearms, nor do they have police powers. All officers receive extensive yearly training in public and community relations, listening skills, sensitivity and diversity, report writing, patrol techniques, and fire prevention and control.

Public Safety maintains a close working relationship with local, state, and federal law enforcement agencies, including the New York City and New Rochelle Police Departments; there is no written memorandum of understanding with these agencies.

Public Safety personnel report all incidents requiring police assistance to the appropriate law enforcement agency and obtain any pertinent information from the local police for the Annual Security and Fire Safety Report. Information is exchanged daily to ensure that the College is aware of all incidents that occur on or off-campus, in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

In the event that a serious crime occurs on- or off-campus that may impact the College community, Public Safety will issue a timely warning notice. Depending on the circumstances, a timely warning may be disseminated by using one or a combination of the following: notice of the crime is e-mailed to all persons with a Monroe College e-mail account, by telephone via Blackboard Connect (or Regroup), or posted in academic buildings and residence halls.

The College recognizes that the key to public safety is awareness on campus. Information on safety awareness, campus security, and crime prevention is available at the offices of Public Safety (2501 Jerome Avenue in the Bronx and 368 Main Street / Allison Hall in New Rochelle).

Campus Security Practices and Crime Prevention

The College:

- Presents crime prevention lectures and discussions for groups of any size.
- Representatives of the College present orientation programs for first-year and new transfer students.
- Inspects Monroe College properties and promptly recommends repairs necessary to ensure safety and security.
- Requires its managers to walk through the campus to review lighting and other environmental concerns.
- Distributes information on crime prevention to the community.
- Patrols the campus on foot and in standard patrol vehicles. Public Safety personnel patrol academic and residential buildings.

The Director of Public Safety urges the campus community to take advantage of the various services offered by Public Safety. These services include student escorts, campus transportation, victim assistance, residential security, lost and found office, medical assistance/first responder, campus patrols, crime pamphlets and information.

Safety-Related Policies

Access to Academic and Administrative Buildings

Access to College facilities is limited to members of the Monroe community. All academic and administrative buildings are locked in the evening and on weekends, according to the scheduled use of the facilities. Access to these facilities is limited to Monroe students, faculty, and staff, as well as badged guests and visitors conducting official College business.

Access to Residence Halls

Monroe College provides student housing in traditional-style residence halls, apartments, and suites. Monroe does not have student organization-sponsored off-campus locations recognized by the institution (such as fraternity or sorority houses). Access to the residence halls is limited to resident students and their guests. Resident students must carry their Monroe College ID at all times and swipe their card in a card-reader to enter most residence halls. Resident students visiting another residence hall must provide their Monroe ID and be signed in when entering. Persons who do not live on campus must provide valid photo ID, register at the Public Safety desk, and be greeted by their host.

Maintenance Services

The Facilities Department maintains the College buildings and grounds with an emphasis on safety and security. It responds immediately to reports of potential safety and security hazards such as broken windows and locks. Public Safety assists Facilities personnel by reporting possible hazards. Community members are encouraged to report any possible hazards by calling The College's Public Safety office in the Bronx (**646-393-8495**) or New Rochelle (**914-740-6854**).

Alcoholic Beverages

Monroe College encourages and sustains an academic environment that respects individual freedoms and promotes the health, safety, and welfare of all community members. Monroe College is a **dry, drug, and smoke-free** campus. Possession or consumption of alcoholic beverages is not permitted on property owned, leased, or controlled by Monroe College. Monroe strictly enforces all local, state, and federal alcohol laws, including prohibition on underage drinking. Individuals found to be in violation of these laws may be referred to local police. For more information, call Public Safety in New Rochelle at **914-740-6854**.

Illegal Drugs

Any person found responsible for illegal possession, distribution, sale, or consumption of any controlled substance is subject to disciplinary action by the College and may be referred to local police. Under federal and New York state laws, these violations may result in penalties ranging from fines to imprisonment.

Drug/Alcohol Education Programs

The Office of Residence Life (**914-740-6459**) serves as a resource to all Monroe College students regarding issues related to drug and alcohol intervention and education. The Executive Office requires students who are referred through the conduct system for these types of violations to participate in various alcohol or drug education programs.

In addition, students with drug/alcohol violations are subject to increasingly serious sanctions including: counseling, disciplinary warning/probation, residence hall removal, suspension or expulsion. The Social Worker in the Office of Residence Life is available for informal counseling with students who may be experiencing problems with alcohol and/or drugs. Students may then be referred to outside Counseling Services for a formal assessment and follow-up treatment plan.

Students may also utilize allied health services in the Bronx for assistance with alcohol and/or drug issues. Proactive measures taken by the Student Service Offices include distributing informational literature to students and student leaders relating to the topic of drug and alcohol use, and collaborating with other departments within the College to support ongoing educational efforts and nonalcoholic social programs for the entire student body.

In addition to addressing issues relating to alcohol and drug use during the College's New Student Orientation program, the Office of Residential Life sponsors many alcohol-free social programs throughout the semester for the students who reside on campus. Each Resident Assistant is encouraged and guided to host educational seminars related to the topic of drugs and alcohol for the students they oversee.

Monroe College's Drug and Alcohol Prevention Program is available on its website in the Drug Free Workplace Information section (<https://www.monroecollege.edu/About/Right-to-Know/>).

Missing Student (Resident Students)

Monroe College will investigate any report of a missing student living in one of the College's residence halls. Public Safety and the Office of Residence Life work in tandem should a report be received.

All students residing in a campus residence hall are requested to complete a Confidential Contact Information form, available upon check-in to their residence hall. The resident student is asked to identify the name and contact number of the individual(s) to be contacted in the event the student is determined to be missing, as set forth below. This contact information is registered confidentially and may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation, and authorized Monroe College officials, including Public Safety officers.

Monroe understands that students may stay outside of the residence halls voluntarily. As such, the location of students in the halls is not monitored by Resident Assistants or other College staff.

If a student intends to leave his or her residence hall for an extended period of time, the student is strongly encouraged to advise the residence hall staff before leaving to avoid the student being reported "missing."

In the event that there is reason to believe a resident student is missing, all reasonable efforts will be made to locate the student to determine his or her state of health and well-being. These efforts, which are done in conjunction with Public Safety, include, but are not limited to, checking the student's room, speaking with friends and/or roommates, checking ID access, locating the resident student's vehicle, and calling the student's cell phone number or other known contact.

If a student has been missing for 24 hours, students, employees, or other individuals are to contact the Office of Residence Life at **914-740-6459** or Public Safety at **914-740-6854** (NEW ROCHELLE) or **646-393-8495** (BRONX). The Office of Residence Life will refer all missing student reports immediately to Public Safety.

If Public Safety determines that a resident student is absent without explanation, staff from Public Safety and/or Residence Life will contact the resident's designated Confidential Contact within 24 hours.

For any resident student under the age of 18, Monroe will notify a custodial parent or guardian, in addition to any other individual designated on the Confidential Contact Information form, within 24 hours after the time the resident student is determined to be missing by Public Safety.

Public Safety will continue to investigate, utilizing established investigative procedures in collaboration with staff from Residence Life, other campus offices and local law enforcement agencies.

Where a Confidential Contact cannot be located or has not been assigned, Public Safety will inform the appropriate law enforcement agency and/or contact the student's parent or legal guardian. In all cases where Public Safety determines that a student is missing, Public Safety will notify the appropriate law enforcement agency within 24 hours.

Emergency Response and Evacuation Procedures

In the event of an emergency, contact Public Safety immediately:

Bronx Campus: 646-393-8495

New Rochelle: 914-740-6854

Once Public Safety confirms that there is a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus, Public Safety, through the Campus Alert Notification Network (CANN), will notify the campus community, which includes students, faculty, and staff.

Monroe College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of Public Safety or senior administration, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

If necessary, Public Safety will contact local police to share pertinent information about the emergency with the larger community.

The Campus Alert Notification Network is a notification network used to disseminate emergency information to the campus community in the event of an emergency.

The CANN utilizes the following methods of communication:

- A text and/or voice message sent to the phone number or email address supplied by the campus community member.
- An alert posted on www.monroecollege.edu.
- A call to the 24-hour emergency numbers for Public Safety on the Bronx campus (**646-393-8495**) and the New Rochelle campus (**914-740-6854**).
- A public address/fire system will broadcast emergency information.

The CANN is used in emergencies when there is imminent danger to the health, safety, or well-being of the entire Monroe community that has not been contained or controlled, and an immediate response is required by members of the community.

In short, the system is used to distribute information regarding emergencies that dictate immediate action by those who receive the message. Some examples of this would be a fire or chemical spill or an ongoing criminal incident that requires community members to act to secure their safety. Public Safety managers are trained to assess situations when the CANN may be activated. This training includes identifying which populations of the campus community to be notified, the content of the notification, and how to initiate the CANN.

If the CANN has been activated, members of the community are asked to follow the directions provided in the message. These messages will follow the procedures outlined in the Emergency Response Plan. Therefore, it is important to review the emergency response and evacuation procedures. An all-clear message will indicate that the emergency is over.

The Emergency Response Plan is tested and updated on a regular basis, and announced and unannounced emergency evacuation drills are conducted as well, as described below.

Emergency response and evacuation procedures are disseminated to the Monroe community in conjunction with testing. In addition, Public Safety will document each test including a description of the exercise, the date the test was held, the time the test started and ended, and whether the test was announced or unannounced.

Records of each test will be maintained by the Director of Technology and Systems.

General Evacuation Procedures

Public Safety officers decide whether immediate evacuation is necessary. Evacuees will be moved to a staging area where College personnel will conduct a census to establish that the evacuation is complete.

Evacuation of Individuals with Physical Disabilities

Public Safety officers will assist individuals with physical disabilities in an evacuation, making every attempt to lead them to safety. Hearing-impaired students have TTY phone capability in their residence hall rooms, and the fire alarm system is connected to strobe lights.

In an emergency, call Public Safety on your campus – in the BRONX at 646-393-8495 or in NEW ROCHELLE at 914-740-6854 – or call 911 to tell them where you are and what assistance is needed.

Students with a disability that could impair their ability to perform any of the above evacuation procedures, must adhere to the following:

- Inform Public Safety or the Services for Students with Disabilities Office of their circumstances upon arrival to campus and request a meeting to discuss any special emergency response accommodations needed.

Services for Students with Disabilities Office:

Bronx/New Rochelle/Online: 646-393-8228

- Contact their Resident Assistant to confirm inclusion on the master list of all resident students requiring assistance during a building evacuation (maintained by the Office of Residence Life)
- Notify professors that assistance will be needed if an evacuation is declared.

Short-Term/Medium-Term/Long-Term Evacuations

- **Short-Term:** When students must occupy temporary quarters for a relatively short, predictable period of time, they will be moved to lounges in the nearest safe residence hall. If residence hall lounges are not available, students will be moved to lounges in the nearest non-residence hall building. Emergency workers and/or College personnel will provide services as needed (medical care, food, hygiene, etc.).
- **Medium-Term:** The College will use the MAC (Monroe Athletic Complex) as a housing area when lounge space is insufficient to handle the number of evacuees. Proper bedding will be provided with the help of Facilities. Students will be housed in lounges and other public spaces on campus that can accommodate them satisfactorily. Students will be assigned to available spaces in the residence halls.

When it is impossible to predict how long students will have to occupy alternative quarters, the College will take the same steps as for a medium-term evacuation, unless a substantial part of the campus is under an evacuation order. If evacuees must be moved off campus, the director of Public Safety will coordinate transportation.

Timely Warnings/Safety Alerts

To help prevent crimes or serious incidents, Public Safety, in conjunction with other departments on campus and local police departments, issues safety alerts in a timely manner to notify community members about certain crimes in and around our community.

Members of the community who know of a crime or other serious incident are to report it as soon as possible to Public Safety so that a safety alert can be issued, if warranted.

Distribution of Safety Alerts

Public Safety distributes safety alerts in various ways. Depending on the circumstances, a timely warning may be disseminated by using one or a combination of the following: e-mailed to all persons with a Monroe College e-mail account; and/or posted in academic buildings and residence halls.

Safety Alerts will not contain any information regarding the identity of the victim.

Daily Crime and Fire Log

The Public Safety maintains a daily crime and fire log that records all reported crimes, fires and other serious incidents that occur on campus, in a non-campus building or property, on public property, or within the department's patrol jurisdiction.

The daily crime and fire log is available for public inspection at the Public Safety office on the Bronx and New Rochelle campuses.

Criminal Acts

Any member of the College community who is, or thinks they may be, the victim of a crime must report the incident to Public Safety.

Victims of crimes will be assisted in filing their complaints with the New York City or New Rochelle Police Departments. Public Safety will also assist the crime victim in obtaining medical and/or counseling services, if necessary. The College's Residence Life office, located in Harrison Hall on the New Rochelle campus, will provide counseling for students. For more information about Student Counseling Services, please call **914-740-6420**.

If a student is charged with a felony, the following guidelines apply:

- Regardless of the location of the incident or the identity of the victim, if a Monroe College student is charged, the College retains the prerogative to summarily suspend the student pending the outcome of the investigation. This action would be taken because of the potential threat the student poses to the Monroe community as stated in the Code of Conduct.
- After the case is adjudicated by outside authorities, the charges will then be reviewed under the College's Code of Conduct.

Campus Sex Crimes Prevention Act

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, went into effect October 28, 2002. The law requires institutions of higher education to issue a statement advising the campus community of where law enforcement agency information provided by a state concerning registered sex offenders may be obtained.

It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, volunteers services or is a student.

The New York State Division of Criminal Justice Services maintains the state's Sex Offender Registry, which contains information about individuals convicted of certain sex offenses. This information is available by calling 518-457-9847 or visiting <https://www.criminaljustice.ny.gov/>

Definition of Affirmative Consent to Sexual Activity:

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity.

Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Further:

- Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent may be initially given but withdrawn at any time.
- Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
- Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- When consent is withdrawn or can no longer be given, sexual activity must stop.

Consent must be knowing, voluntary and mutual. Voluntary consent means that consent under coercion such as a threat of violence is not consent. Mutual means that all parties must consent.

Consent can be given through words or actions so long as the word or action is clear regarding willingness to engage in the sexual activity. Whether through words or actions that clearly display consent, each party must affirmatively consent to participating in each sexual act or sexual contact.

Consenting to one type of sexual act or contact is not blanket consent to any and all types of sexual contacts. Mutual consent is required for each and may be withdrawn at any time by either party. When consent is withdrawn, the activity must stop.

Drug and Alcohol Amnesty Policy

The health and safety of every student at Monroe College is of utmost importance.

Monroe College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Monroe College strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to institution officials.

A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to Monroe

College's officials or law enforcement will not be subject to Monroe College's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

Nothing in this section shall be construed to limit an institution's ability to provide amnesty in additional circumstances.

Students' Bill of Rights

All students have the right to:

1. Make a report to local law enforcement and/or state police;
2. Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously;
3. Decide about whether to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure by the institution;
4. Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;
5. Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available;
6. Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;
7. Describe the incident to as few institution representatives as practicable and not be required to unnecessarily repeat a description of the incident;
8. Be protected from retaliation by the institution, any student, the accused and/or the respondent, and/or their friends, family and acquaintances within the jurisdiction of the institution;
9. Access to at least one level of appeal of a determination;
10. Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process; and
11. Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the institution.

Sexual Assaults

Acts of sexual violence, assault or abuse such as rape, acquaintance rape, or other forms of nonconsensual sexual activity are not tolerated at Monroe College. Such acts are criminal behaviors and create an environment contrary to the goals and missions of the College. It is important for members of the campus community to be aware that there can be serious legal consequences for certain sexual conduct.

In a campus setting, sexual assault often occurs when one or both parties are under the influence of alcohol or other drugs. Therefore, it is important to understand that intercourse or other sexual activity with a person who is unable to give free and full consent (e.g., because of intoxication, substance abuse, or intimidation) may constitute sexual assault or rape.

Furthermore, the offender's use of a mind-altering substance does not in any way diminish his or her responsibility for abusive behavior. There are several measures that you can take to reduce your chances of being a victim of sexual assault. (See **Safety Tips**, page 24.)

Important Information for Survivors of a Sexual Assault

The safety and well-being of any student following a sexual assault are of paramount importance.

Survivors of sexual assault are encouraged to take the following actions immediately:

1. Go to a safe place.
2. Contact or have a friend contact **Public Safety on the Bronx Campus at 646-393-8495 or the New Rochelle Campus at 914-740-6854**. Public Safety will assist you in reporting the crime to the police and in getting medical and counseling services.

Additional support and help is available through:

Rape or Crisis Programs:

BRONX Campus:	<i>Dove Program:</i>	212-305-2255
NEW ROCHELLE Campus:	<i>Victims Assistance Services:</i>	914-354-9111

3. Do not touch any evidence or straighten up the area where the assault occurred.
4. It is strongly recommended that survivors of a sexual assault do not shower, bathe, douche, brush your teeth, use mouthwash, comb your hair or change your clothes, as these actions will destroy evidence of the attack.
5. It is strongly recommended that you go to a hospital emergency room. Public Safety will assist. Medical evidence for use in a criminal prosecution of a criminal offense is collected at the hospital.
6. NOTE: You are NOT obligated to press charges just because you consent to this procedure; however, this evidence is very important should you later decide to prosecute. Public Safety or the police will provide transportation if needed. Bring a full change of clothing because the clothes you were wearing at the time of the attack may be kept as evidence.

Crisis Management Team

Crisis Management Team members respond to crisis incidents reported to Public Safety, including incidents of sexual abuse. Members of the team include the following or their designated representative:

- Senior Vice President/Campus Dean
- Director of Public Safety or designee
- College Social Worker/Counselor
- Director of Health Services
- Senior Vice President/Dean of Student Services
- Title IX Coordinator

A member of the Crisis Management Team will inform the survivor of the following:

- Counseling services are available, both on and off campus.
- Medical services are available off campus.
- Options are available regarding reporting the case to the proper authorities, both on campus and to local police.
- Assistance will be provided in notifying these authorities, if such assistance is needed.

Reporting Sex Offenses

To report a sexual offense, including domestic violence, dating violence, sexual assault, or stalking to Monroe College, please contact the Title IX Coordinator Public Safety, or any administrator.

Title IX Coordinators:

BRONX Campus:	<i>Jeannette Slim-Makodila</i>	646-393-8547
NEW ROCHELLE Campus:	<i>Jamie Kopchynski</i>	914-740-6773
Title IX Administrator:	<i>Joy Tolliver</i>	646-901-9596

To notify local law enforcement to file a complaint against the perpetrator, contact:

BRONX Campus:	<i>NYPD 52nd Precinct:</i>	718-220-5811
NEW ROCHELLE Campus:	<i>New Rochelle Police Department:</i>	914-654-2300

A complaint may also be filed through Monroe College’s Disciplinary Procedure (outlined below). Sexual assault survivors may pursue one, both, or neither of these options. Monroe personnel will assist you in contacting local law enforcement to file a complaint.

Sexual assault survivors may request a change in academic, living, transportation, or working situations, regardless of whether you the crime was reported to local law enforcement. The College will make accommodations if staff determine such accommodations are necessary and reasonably available.

Sexual assault survivors may also request that Monroe issue a “no contact order” barring the alleged perpetrator from contacting them while an investigation is pending. Such an order will be issued at the sole discretion of the Monroe administrators.

Sexual assault survivors may also pursue a request for restraining orders, orders of protection, or similar lawful orders from civil or criminal court.

Preserving Evidence

Sexual assault survivors are reminded of the importance of preserving evidence necessary for the proof of an offense. Time is a critical factor for evidence collection.

Sexual assault survivors should not shower or bathe, use the toilet, or change clothing, if possible. All clothing worn at the time of the assault should be placed in a paper bag – *do not use a plastic bag*.

The location where the offense took place should be left as it was at the time the incident occurred.

Counseling Services

Counseling services are available through Monroe College and local support agencies. Monroe personnel will assist sexual assault survivors in contacting the service of your choice.

Assistance is available from the College social worker in New Rochelle through the Office of Residence Life at 914-740-6459 **(6459)** and on the Bronx Campus at 646-393-8323.

Monroe College Grievance Procedure and Disciplinary Action

Members of the College community believing they may been the victim of domestic violence, dating violence, stalking, or sexual assault may elect to pursue disciplinary action against the perpetrator or perpetrators through Monroe College’s Title IX Grievance Procedure.

The Title IX Grievance Procedure is designed to provide a prompt, fair, and impartial investigation into alleged misconduct. The investigation is conducted by Monroe officials who receive annual training on issues related to domestic violence, dating violence, sexual assault, and stalking, and how to conduct an investigation and hearing that protects the safety of victims and promotes accountability.

Monroe College uses the Preponderance of the Evidence standard to resolve the complaint and determine if disciplinary action is warranted. The “preponderance of the evidence” standard requires that the evidence supporting each finding be more convincing than the evidence in opposition to it, meaning it must be more likely than not that the conduct at issue occurred.

Monroe College's disciplinary procedure includes the following steps:

1. Preliminary conference, counseling, and complaint review.
2. If the Title IX Coordinator initiates a Formal Investigation, an impartial investigator will be assigned to the complaint. The investigator will meet with both parties to collect statements, review evidence, and interview witnesses.
3. Both the accuser and the accused are entitled to the same opportunities to have others present during a proceeding related to the investigation, including the opportunity to be accompanied to any meeting by an advisor of their choice. Advisors are strictly prohibited from directly participating or responding on behalf of an individual in any meeting unless requested to do so directly by Monroe College staff.
4. The investigator will summarize critical evidence and outline their findings and any recommended action necessary to address and remedy the discrimination in an Investigation Report. A copy of the Investigation Report will be provided upon request to both parties, and both parties will have an opportunity to submit a written response to the Report.
5. The Investigation Report and any responses will be submitted to a Senior Vice President for the particular campus to determine any appropriate disciplinary action.
6. Following a thorough review, the Senior Vice President will simultaneously issue an Outcome Letter to both parties. Both parties will also be provided with information regarding their right to appeal the decision, any change to the outcome prior to the time that results become final, and notification when such results become final.

Monroe College will complete its investigation and issue a determination within 60 calendar days after receiving notice of an allegation of sexual assault. The College may extend this timeframe for good cause. The College will take all reasonable efforts to apprise the parties of the progress of the investigation.

Retaliation Prohibited

Monroe College strictly prohibits retaliation against any individual who brings a good faith complaint under this policy or participates in any portion of a Title IX investigation. Retaliatory conduct violates not only College policy and Title IX, but may also violate state and federal law. If you believe you have experienced retaliation in relation to a Title IX investigation, contact the Title IX Coordinator immediately.

Sanctions

Individuals found to have engaged in sexual assault or harassment including rape, acquaintance rape, domestic violence, dating violence or stalking may be subject to probation, suspension, termination, or expulsion.

A Note Regarding Privacy and Confidentiality

Monroe College understands that claims of harassment or discrimination need to be sensitively managed.

If the complainant requests confidentiality or asks that the complaint or disciplinary action not be pursued against the alleged perpetrator, the College will take all reasonable steps to investigate and respond to the complaint consistent with the individual's request. Such steps may include, for example, offering counseling services, offering accommodations, providing the campus with additional training, and implementing other measures, independent of disciplinary action, that could assist the complainant or address the harassment.

However, confidentiality cannot be guaranteed in every situation. The College must weigh a request for confidentiality or request not to pursue a formal investigation and disciplinary action with its responsibility to provide a safe, non-discriminatory environment to all students and employees. Thus, in some cases, it may be necessary to explain to the individual that confidentiality may not be ensured, pursue an investigation, and take all necessary steps to end the alleged misconduct and prevent its recurrence.

The Title IX Coordinator will be the final authority on the degree to which Monroe can ensure confidentiality in a specific case.

In weighing a request for confidentiality and whether to pursue a formal investigation of an incident, the Title IX Coordinator will consider the seriousness of the alleged harassment; the complainant's age; whether there have been other harassment complaints about the same individual; and any relevant state and federal laws including FERPA. In all cases, Monroe will take the steps necessary to ensure that records are maintained securely and in a manner that prevents inclusion of unnecessary information regarding the identity of the survivor, to the extent permissible by law.

Survivor's Bill of Rights

At Monroe College:

1. Survivors have the right to be treated with dignity and respect by campus personnel.
2. Survivors of crimes against one's person have the right to be reasonably free from intimidation and harm.
3. College personnel shall be encouraged to inform survivors that they are not responsible for crimes against their person.
4. Survivors shall be made aware of existing counseling and other student services that are available, both on and off campus.
5. Survivors shall be entitled to the same support opportunities the College permits the accused in a campus disciplinary proceeding, which includes the opportunity to have others present during a disciplinary proceeding (see the Monroe College Code of Conduct for further information).
6. Both the survivor and the accused shall be informed of the outcome of any disciplinary proceeding brought alleging a sex offense. This includes the final determination of the proceeding and any sanction imposed against the accused. The sanctions that may be imposed are detailed in the Monroe College Code of Conduct
7. Any survivor who does not wish to remain in his or her present residence hall or class section may be granted a transfer to any available housing or class section, upon request, if reasonably available.

As noted above, Monroe will inform both the accuser and the accused of the outcome of any institutional disciplinary proceeding alleging a sex offense. Compliance with this paragraph does not constitute a violation of the Family Educational Rights and Privacy Act ("FERPA"). For the purposes of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense, and any sanction that is imposed against the accused.

The College will, upon written request, disclose the results of any College disciplinary hearing about a student who was alleged to have committed a crime of violence or a non-forcible sex offense to the alleged victim. If the alleged victim is deceased, the College will disclose the results to the next of kin upon written request.

Educational Programs

Primary prevention and awareness programs to increase understanding and knowledge about rape, acquaintance rape, and other forcible and non-forcible sex offenses, including dating violence, domestic violence, stalking, and sexual assault, are conducted for new students during their orientation programming; they are also conducted in the residence halls throughout the academic year. These programs are open to the entire College community.

Other programs on sexual assault are offered throughout the year. These programs:

- Reiterate the College's prohibition on domestic violence, dating violence, sexual assault and stalking
- Provide the definition of these crimes as well as consent in reference to sexual activity in New York state
- Deliver safe and positive options for bystander intervention; and
- Help the College community reduce personal risk and help each other do so by teaching how to recognize the warning signs of abusive behavior and how to avoid potential attacks.

The program also provides an overview of the College's procedure for disciplinary action in the case of violations of its sexual harassment and misconduct policy. The New York Police Department and other subject matter experts are invited to provide sexual assault education and information programs to students and employees.

Additional information is available from the Office of Residence Life 914-740-6459.

Bystander Intervention Options

The College stresses to the campus community that personal safety is paramount when considering whether to intervene in a situation. Bystanders are encouraged to call Public Safety in any such situation where assistance is needed.

- **Direct:** Address the situation directly. Use this when the person that you're trying to stop is someone who knows and trusts you. Consider other intervention methods when drugs or alcohol are being used.
- **Distract:** Distract either person in the situation to intervene. Interject yourself into a conversation where another person seems unsafe.
- **Delegate:** Find others who can help you to intervene in the situation. This might include asking a friend to distract one person in the situation while you distract the other to separate the individuals, or asking someone to go sit with them and talk.
- **Delay:** You may not be able to do something right in the moment. If you're feeling unsafe or if you're unsure whether or not someone in the situation is feeling unsafe, you may just want to check in with the person. In this case, you can combine a distraction technique by asking the person to use the bathroom with you or go get a drink with you to separate them and then asking them, "Are you okay?"

The College also shares information from these bystander intervention resources:

Section II: Annual Fire Safety Report

In accordance with the Higher Education Opportunity Act (HEOA) of 2008, Monroe College is required to provide two fire safety-related sources of information:

1. Annual Fire Safety Report

Institutions with on-campus student housing facilities must publish an annual fire safety report that provides information on campus fire safety practices and standards.

Monroe College complies with this HEOA regulation by issuing each year the Monroe College Annual Security and Fire Safety Report. Information contained in this annual report includes: number and cause of fires at all on-campus student housing facilities; number of fire-related deaths; related injuries; value of fire-related property damage; information on evacuation procedures; fire safety education and training programs; fire safety systems in each student housing facility; number of regular mandatory supervised fire drills; and policies on portable electrical appliances, smoking and open flames.

To report a fire *for inclusion in this report*, please contact Monroe Public Safety:

BRONX Campus:	646-393-8495
NEW ROCHELLE Campus:	914-740-6854

2. Fire Log

Monroe College keeps a fire log that states the nature, date, time, and general location of each fire occurring in on-campus student housing facilities.

Monroe College complies with this HEOA rule by including all fire-related incidents in the daily crime and fire log. Please note that information regarding all residence hall fires and fire alarms are maintained in a database within Public Safety.

Residence Hall Fire and Life Safety Systems

Monroe College has a total of 20 on-campus student residence halls. Each residence hall is equipped with an interior fire alarm system with detection throughout the building, including smoke and heat detectors, and pull-box stations. Some residence halls are protected with a building fire sprinkler system.

All fire safety and building access systems are monitored by Public Safety, 24 hours a day, and 365 days a year.

Mandatory Supervised Evacuation/Fire Drills

Monroe College conducts mandatory evacuation/fire drills during the calendar year. These evacuation drills are supervised by Public Safety and conducted with a team of College employees. The drills are intended to familiarize students, faculty and staff with emergency procedures and individual roles.

Public Safety performs three (3) evacuation/fire drills per year for each on-campus residential hall. All academic and administrative buildings undergo three (3) evacuation/fire drills each year.

Residence Hall Health and Safety Inspections

The Office of Residential Life performs residential inspections throughout the year. These inspections are conducted to identify safety violations as well as conditions that may be detrimental to the health or well-being of the wider residential community.

Inspections include a visual examination of electrical cords, sprinkler heads, smoke detectors and other life safety systems. In addition, each room is examined for the presence of prohibited items such as candles, halogen lamps, unauthorized appliances, pets, etc. Rooms are also examined for evidence of prohibited activity such as smoking in the room, removal of door closers, unauthorized door locking or alarm mechanisms, removal of security screens or other equipment, tampering with life safety equipment, etc.

This inspection also includes a general assessment of cleanliness of the room, including food and waste storage. Conditions warranting follow-up are reported and documented. A re-inspection will follow. Residential Life staff members are expected to communicate with residents, apply sanctions that can range from fines to expulsion from housing, and document follow-up. Each resident's signature on the Residential Living Agreement, required in order to take occupancy, signifies their acceptance of and responsibility for abiding by residential and College policies as provided through all printed publications, websites, e-mail and other vehicles.

Specific health and safety policies and procedures are outlined in the Residential Life Student Handbook, as well as the Monroe College Student Housing Agreement. Per the agreement, Residence Life staff and authorized College personnel may enter any room at any time for the purposes of inspection, establishment of order, maintenance, extermination, inventory correction, or cleaning, or in case of emergency or other reasonable purposes.

Education and Training Programs

Fire safety training is provided at the start of each semester for students. Students, faculty and staff participate in evacuation fire drills throughout the year.

As per the current New York State Fire Code (NYSFC), information and training related to fire safety is presented to all students enrolled in higher education on an annual basis.

Fire Policies for On-Campus Student Housing Facilities:

I. Evacuation/Fire Alarms — What You Should Do

Evacuation is necessary when any buildings fire alarm has been activated or the building becomes uninhabitable because of an event such as a fire, flooding, gas leak, contamination, pandemic flu, extreme weather conditions, or the loss of critical services. The response depends on the extent of the emergency. The Members of the College community must familiarize themselves with the evacuation routes posted in the buildings in which they live or those they use frequently. When an evacuation order is issued, impacted students, faculty, and staff must cooperate fully with Public Safety/emergency personnel.

Additionally, in the event of a fire:

- Don't panic. Stay calm.
- Take keys, wallets and essential belongings.
- If possible, wear weather-appropriate clothing.
- If a door feels hot, place a wet towel under it and DO NOT OPEN IT. Instead, open a window.
- Call Public Safety:

BRONX Campus:	646-393-8495
NEW ROCHELLE Campus:	914-740-6854
- Alert emergency personnel by waving something from the window.
- If the hallway is filled with smoke, crouch down as low as possible (smoke rises) and hug the wall. Walls eventually lead to doors.
- Use the stairs only.
- Do NOT use elevators; elevators turn into chimneys when there is a fire.
- Close, but do NOT lock, doors.
- Provide assistance to those with physical disabilities.
- Evacuate in a safe and orderly fashion to the nearest staging area (as determined by college personnel) and await additional instructions.
- Move away from the building. Do not return to the building until instructed to do so by Public Safety or Residential Assistant (RA) staff member.
- Find an RA on duty for the purpose of letting someone know you have safely evacuated the building.
