Monroe’s Associate degree in Human Services prepares students for entry level positions in a rewarding field geared toward assisting individuals who are undergoing crisis or chronic situations. This degree develops practitioners who are well-informed, ethical thinkers capable of applying their knowledge to serving others in various aspects of society. Students learn the importance of respect for all people and sensitivity to cultural diversity. Students in the Human Services program receive real-world experience by completing two supervised field placements, which increases marketability upon graduation. Graduates are proficient in the principles and techniques required to assist clients cultivate skills to identify, prevent and change behavior so that they can grow personally and achieve independence.

DID YOU KNOW?
• Monroe’s Allied Health program provides its students with the opportunity to travel during their Spring Break each year to provide medical assistance and education to impoverished communities.
• Monroe’s human services Club helps to strengthen ties between the college community and Human Services organizations in the city, creating pathways for meaningful projects and career opportunities for students.
• Monroe’s School of Allied Health provides hands-on learning with a fully functional simulated pharmacy, as well as an anatomy and physiology lab, a chemistry lab, a microbiology lab and a pharmacy tech lab.
• Allied Health students have the opportunity to join the Alpha Eta National Honor Society, which promotes and recognizes significant scholarship, leadership and contributions to the allied health professions. The society students select, organize and carry out community service projects each semester.
